

Easy Mind-Reading

MAGICAL EFFECT: You guess any number your audience is thinking.

HOW TO PERFORM:

Ask a member of the audience to think of any number but keep it secret:

10

Now ask them to do the following:

Double the secret number:

20

Multiply by 5

$20 \times 5 = 100$

Ask them to give you their final answer and reveal their secret number:

10

SECRET: Once you know their final answer, simply (secretly, mentally) slice off and discard the right hand digit.
